Assistant Commissioner of Patents
Washington, D.C. 20231

Sir:

AMENDMENT IN RESPONSE TO OFFICE ACTION

In response to the Office Action mailed July 30, 2001, please amend the
present application as follows:

In the Specification

Rewrite the paragraph starting at page 3, line 23, and ending at page 4, line
8, as follows:

-- 5. A conventional parts management information system provides a
uniform data display based on a specific condition, and must use a plurality of
applications to confirm the total status and detailed status by search in order to
perform receipt/placement processing of shops. In such a case, a search must be
